I'm currently studying Computer Science on IPB University as my bachelor degree. Researching blockchain as my final year thesis. I have experience on developing front-end with React and React Native.

Professional Experience

Primakelola IPB - Bogor, Indonesia

May 2021 - Jul 2021

Front End Developer

- Create Progressive Web App for Endangered Animal Identification website using ReactJS.
- Maintain teamwork with Ministry of Environment and Forestry of Indonesia for the data used on database.

Terhemaat - Bogor, Indonesia

Jul 2020 - Nov 2020

React Native Developer

- Create E-Commerce mobile app MVP using React Native with Expo for hybrid development.
- Discussing and implementing project requirement with other team members.
- Deploying React Native App to Playstore.
- Used Figma for design & prototyping.

Education

IPB University - Bogor, Indonesia

Sep 2017 - Sep 2021 (Expected)

Bachelor Degree in Computer Science, 3.34/3.86

- Researching blockchain as final year thesis, developing front-end for blockchain-based supply chain management system of shallots product using prototyping method.

Organisational Experience

Computer Science Student Associate - Bogor, Indonesia

Nov 2019 - Nov 2020

Vice President

- Supervised the human resource division, growing soft-skill for computer science student, impacting 50+ students.
- Supervised the communication and information division, publishing daily news and semester magazine.
- Supervised IPB's Informatics Innovation Festival, a platform to encourage IPB's students to collaborate and innovate on technology such as data mining, UI/UX, agriculture startup challenge, and software engineering, impacting 100+ students.

Skills, Achievements & Other Experience

- **Achievements** (2021): Google Bangkit Alumnus of Cloud Computing Class.
- **Skills**: HTML, CSS, Javascript, ReactJS, React Native, Expo, Git Versioning.
